# Master of Science Environmental Education Application

As a Master of Science graduate student, you are expected to take graduate level natural science courses. We are interested in your academic background, as well as any relevant experience gained outside traditional coursework.

Please list any prior science or natural history courses you have had in the following categories:

<b>Biology</b> (Life Sciences):	
<b>Chemistry:</b>	
<b>Earth Sciences</b> (i.e. Geology, Meteorology, Astronomy, etc.):	
<b>Physics:</b>	
<b>Natural Resources and Conservation:</b>	
<b>Other Relevant Science Coursework or Experience:</b>	
<b>Please indicate if you plan to earn or apply for any of the following options:</b>	
Elementary School MAT*	Middle/High School MAT*
Non-Profit Certificate	Graduate Assistantship
* (MAT= Master of Arts in Teaching)	

\_\_\_\_\_ **Please initial:** I understand that the successful completion of the Master of Science in Environmental Education program will require a background check because our participants are required to interact and work with minors as part of the capstone project. This background check will cover unlawful activities including but not limited to, crimes involving violence to others, harm to children, and other crimes potentially relevant to our scholastic youth programs.
